**Quality is
not an act,
it is a habit.**

Aristotle 384-322 BC
Ancient Greek philosopher

*born in the city
of Stagira - Halkidiki, Greece*

About Us

DEAS S.A. is a family-owned company dedicated to offering premium quality products and services on the basis of a customer oriented approach. Having achieved these two core strategic principles, our company is nowadays **the leader in Greek olive industry**. Our main office building and industrial installations, covering **an area of 40,000m²**, are located in Kalives region in Halkidiki, Greece.

DEAS S.A. philosophy focuses on the exquisite quality of our products, guaranteed by regular controls of the company's ultra-modern facilities and our innovative processing, storing and packaging methods, all in compliance with the international standards and regulations.

SOCIAL RESPONSIBILITY

DEAS S.A. specifically interested in environmental saving activities.

We, at **DEAS S.A.** are committed to help protect the planet by reducing energy and water use, sourcing with responsibility and reducing waste.

What we have done as a business

- > Waste Water Management
- > Waste minimization through efficient practices
- > Recycling Processes
- > Renewable electricity
- > Low Energy Light Bulbs

Sedex Membership

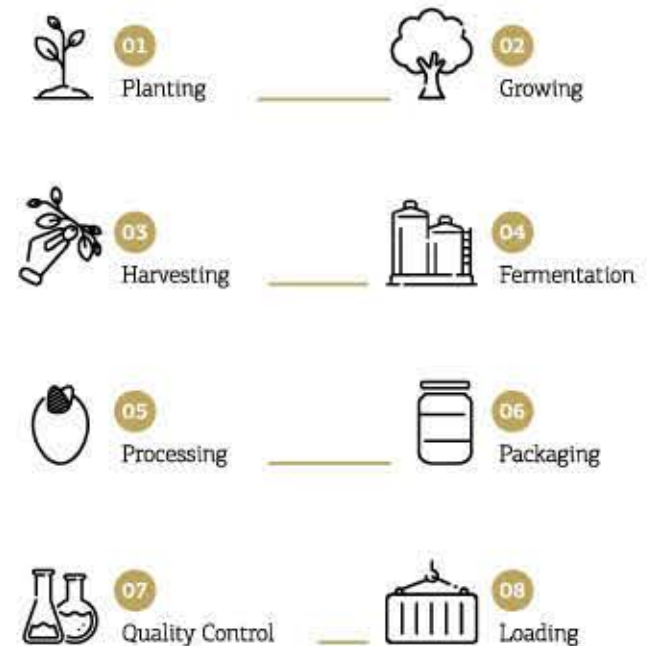

to manage:

- > labour rights
- > health & safety
- > environment and business ethics

THE PROCESS

Post-Harvest Operations are reduced to minimum possible at Deas facilities to ensure freshness and optimum quality attributes

Quality Management

About Olives

At **DEAS S.A.** our commitment is to **never compromise on the safety**, compliance and quality of our products and services. At **DEAS S.A.**, we implement the Quality Policy through the application of our Quality Management Systems under the following Standards :

- > **DIN EN ISO 9001:2008**
- > **ELOT EN ISO 22000:2005**
- > **BRC, Issue 7.0 (TÜV HELLAS)**
- > **IFS, Issue 6.0 (TÜV HELLAS)**
- > **Kosher (BALKAN KOSHER)**
- > **Organic (BIO HELLAS)**

HISTORIC ASPECTS: DID YOY KNOW THAT?

- > An olive tree leaf is mentioned in chapter 8 of Genesis when Noah finds one in the dove's beak. Then Noah knew that the water had receded from the earth.
- > According to ancient Greek mythology the Homeland of olives is Athens and Goddess Athena planted the original olive tree on a rocky hill that we know today as the Acropolis. The olive tree that grows there today is said to have come from the roots of the original tree.
- > An Olive tree branch was awarded to Olympic game winner along with large amounts of olive oil.
- > Leafy branches of the olive tree, were found in Tutankhamun's tomb.
- > Warriors anointed themselves with olive oil after bathing.

OLIVES & HEALTH BENEFITS

- > Diverse range of antioxidant and anti-inflammatory nutrients
- > Simple Phenols: tyrosol & hydroxytyrosol
- > Terpenes (including secoiridoids and triterpenes): oleuropein demethyloleuropein
- > Flavones
- > anthocyanidins
- > cyanidins
- > peonidins
- > Flavonols
- > Hydroxybenzoic acids
- > The antioxidant and anti-inflammatory properties of olives make them a natural for protection against cancer because chronic oxidative stress and chronic inflammation can be key factors in the development of cancer.

Olives are a very good source of copper and a good source of iron, dietary fiber, and vitamin E.

Olives are unusual in their fat quality, because they provide almost three-quarters of their fat as oleic acid, a monounsaturated fatty acid.

All products used in the manufacture of the full range of production, originate from sources that are controlled by the relative authorities and regulations. The Quality Policy is based on the philosophy of customer satisfaction and quality management, with the goal of providing high quality products and customer service.

Global Network

Deas SA boasts an extended international sales network: our quality products, certified by international standards, **are shipped to clients in all five continents.**

Deas SA is proud to have gained the trust and recognition of her clients by demonstrating our extensive experience and expertise in approaching the culture and business ethics of our partners. We participate in major international exhibitions and look forward to your discovering our wide range of **superior-quality olives.**

Olives are small fruit that grow on olive trees (*Olea europaea*).

The Olive (*Olea europaea*) is a small evergreen tree that grows best in a Mediterranean climate. The olive fruit has a skin, a fleshy pulp, and a stony kernel.
